EDUCATION

Bs Computer Science , Web development 11/2023
HITEC University

SUMMARY

Motivated and skilled Computer Science student with hands-on experience in full stack web development. Proficient in building responsive, user-friendly web applications using modern technologies like React, Node.js, and MongoDB. Strong problem-solving and debugging abilities, with a solid grasp of data structures, APIs, and database integration. Passionate about writing clean, efficient code and continuously learning new tools and frameworks. Proven ability to work independently or in teams to deliver high-quality, scalable web solutions—making me a strong fit for any dynamic web development role.

EXPERIENCE

Full Stack Web Developer 01/2025
Dev-Elite Tech Hub B 17 Islamabad

tech-driven company focused on delivering innovative web solutions

- **Optimized website performance** by improving load times, reducing redundant code, and implementing lazy loading
- **Led full project lifecycle** from requirements gathering and wireframing to development, testing, and deployment.
- **Implemented user authentication** and authorization using JWT, OAuth, and role-based access control

Web Developer Programmer 06/2024
Digital Empowerment Network Remote

Networking and Maketting solutions provider

- **Developed and deployed** fully responsive web applications using React.js, Node.js, Express, and MongoDB
- **Designed intuitive UI/UX** interfaces to enhance user experience and engagement across platforms
- **Built RESTful APIs** and integrated third-party APIs (e.g., payment gateways, email services) for dynamic features
